Expectations '67 is the visual record of B.C. Silver District High School for the school year 1966-67. The pictures and text material found on these pages are the efforts of a very few dedicated students who have succeeded in doing an outstanding job.

Like the yearbook, most of the activities recorded in this book are also the results of activity on the part of a small number of dedicated students and teachers. The results of their work have been enjoyed by many.

To such people the entire staff and student body should extend their thanks.

For the graduates, the period of training is not finished. In reality graduation symbolizes the start of a new process of education - job, university, technical or vocational training. In this new circumstance, however, responsibility for success or failure is basically yours. You will not be able to rely on the efforts of others to the same extent that you have been accustomed to rely on them in the past.

Be prepared to accept these new situations and responsibilities. Exert every effort to carry them through to a successful conclusion.

J. E. Boyd

OUR  
VICE  
PRINCIPAL

Once again it is the time of year for me to write my message for Expectations and to offer congratulations to the editor and her staff - you have produced a fine yearbook and worthy of much praise. Through pictures and words you have recorded the activities of B.C. Silver High and as time goes on you will be able to look back, with pleasure, I hope, and reminisce about happenings of this period.

Many of you are taking advantage of the opportunity for an education. The result of a good education will not be paid in dollars and cents, but in a sense of satisfaction from a job well done.

To the graduates, good luck in whatever field you find yourselves. We have tried to help you - it is up to you to aspire to greater things. Will and self-discipline, which seem to be lacking in so many students today, are both necessary in order to succeed.

To those of you returning for another year - persevere and you will succeed.

*Flora Nicholson*
