This year the "A" volleyball team started a reputation which we hope will continue next year. It was made up of powerful servers, volleyers, and spikers.

The team started out the season on October 30th, winning the best two out of three matches against Sidney Stephen High School.

Yea Team!

GIRL'S "A" BASKETBALL

The girl's basketball team had a very trying and strenuous year.In the city league Q.E.H. and St. Pat's. trounced B.C.'s girls.More competitive games were played against the teams in the county league:Dartmouth High,Sidney Stephen,Prince Andrew,and Halifax West.

The girls showed great sportsmanship and kept fighting no matter how often they came out on the bottom.We commend them for their excellent display of team-sportsmanship and spirit.

Through mud and water, rain and shine, our small but scrappy soccer unit produced some "pretty darn good" games for their first crack at the English sport. All of our home games were played on the common where the team was backed up with staunch support by the students. At the close of the season we found ourselves out of the play-offs, losing to St. Pat's by one point. The Eventual winner of the league title was Dartmouth High.

In volleyball the score was absolutely no indication of the play. In the five-team loop we beat Dartmouth High while losing to the other four teams by very close scores. At the volleyball tournament in Halifax, we put up a creditable showing but keen competition showed our team coming in a close last. In intramural volleyball the A-1 boys captured the honors.

Terry: "Hey Jim, there was a man here to see you today."

Jim: "Did he have a bill?"

Terry: "No, he had an ordinary nose like yours."

Mr. Basketball, Bill Baldwin, was the big gun in county high school basketball, as his total output of points for the season was among the highest in the league. Although we had only two victories, over Dartmouth High and Halifax West, we lost many games by only a few baskets. One of the best games played in the league this year was the one in which we beat Halifax West 88-76. This game was a real cliff-hanger all the way and was cheered enthusiastically by our hometown crowd.

Mr. MacLeod: Is your cousin a very good basketball player?

Frank: No, he's too clumsy. He always hits his head on the rim when going up for a layup.

HOCKEY

This was the first year for B.C. Silver to be represented in the Halifax and Dartmouth high school league. Although a small school in comparison with the others represented in the league it presented a team that provided some of the best highschool hockey played in the last three or four years.

The Dartmouth Memorial Rink was the setting for these exciting games as B.C. Silver proved to be worthy of being called a highschool with a good hockey team, both in skill and sportsmanship. Loyalty to the school was also portrayed in the number of students who attended the games to cheer and boast the moral of the team.

Our "rough'n ready" club was led by Frank Hubley the captain of the team and Ron Cooper, one of the better forwards in the league. Wayne Power, said to be one of the best goalies in the league always came through when the team had their backs to the wall. The fans were also pleased to see Brian Foley and Gordon Hubley come up with some marvelous tactics both defensively and offensively and it didn't matter how big the opposition were they were sent flying into the boards.

During the season B.C. Silver held down second place for a while but after losing two games dropped down to fourth in which they entered the playoffs. Although losing to Halifax West 2-1 and 5-1, who were the eventual winners, B.C. Silver provided one of the best games this season as they controlled most of the game. This was a result of the fine coaching job of Dave MacLeod who did a fine job in producing such a top rated team for B.C. Silver. Also the team would like to thank Mr. Currie who attended most of the games and provided transportation. The team were very pleased to see that their principal were behind them and tried their utmost in thanking him by putting on tremendous showing of hockey.
