

ACTIVITIES

President's Message

As President of the B.C. Silver Student Council for 1964-65 it is my pleasure to give a brief summary of activities for this year.

The Student Council is now in its fourth year of operation and I believe it has reached an important stage in its development. I have found this year that most of the basic necessities of a student body in the extra-curricular field have been taken care of, and we have had to turn to less obvious, but nevertheless, important projects to help bring us to the level of longer established schools. As a result of this we have established a school supply store; and as well have embarked on a program of school ground improvements. A great deal of the credit for the Student Council having reached its present level has been due to the expert suggestions and guidance of our staff adviser for the past four years, Mr. Charles Williams. He has always given freely and unselfishly of his time and efforts, and the students of this school, especially myself, owe him a great deal.

I would like to thank all who have helped carry out the Student Council work during the past year; first our all male executive consisting of: Bruce Tupper, Frank Engram, and Glen Perrott; as well as the chairmen of the standing committees, Norm Mitchell of the Social Committee and Kenny Bennett of the Athletic Committee, and all the other class representatives. Also I wish to thank Mr. Currie, Mr. Wall, and all other staff members who helped us in any way. Finally I extend a general vote of thanks to all students for supporting our activities throughout the year. We hope you have enjoyed them.

In closing I would like to say that I sincerely appreciate the opportunity of having been able to serve on the Student Council here for the past four years. I urge all of you to take advantage of any opportunity of working on the council in the years ahead; you will find the work enjoyable and the experience useful to you in the future.

Fred Morash,
President.

High School Red Cross

The Red Cross year at B. C. Silver began with the election of officers:

President -- Neal Bowers
Vice-President -- Evelyn Just
Secretary -- Carol Nauss
Treasurer -- Sharon Bougie

Many projects were planned for the year, but unfortunately two of these had to be cancelled. A car wash was called off due to cold weather. A shoe shine at the Men's Residence of Dalhousie University had to be cancelled, as no answer to our request was received from the Dean of the University. A fudge sale was held at our school and proved very successful.

The main money making project of the year was the Milk-Bottle Drive, held the week of January 25 - 29 with the majority of the classes raising their money by the "slave trade", held from Tuesday to Thursday of the same week. This is the most popular part of the drive, and increases the students' interest in the Red Cross, and broadens their views concerning Red Cross activities.

It is hoped that by the end of the year our Red Cross will have a written constitution.

Our thanks is given to our student adviser, Norman Mitchell, and our staff adviser, Mr. Williams, for their invaluable assistance during the year.

Debating Society

Debating is very active at B. C. this year with more than 35 students taking part. Each Tuesday night at 7:30 the members assemble for a very fiery debate on some informative and interesting topic, followed by a number of public speeches. These meetings are made possible under the supervision of Mrs. Evans and Mr. Frank Smith who play a great role in keeping the meetings well worthwhile and enjoyable.

The meetings are also teaching sessions in which Mr. R. Gallagher and his colleagues from the "Simpson Sears Toastmasters' Club" provide a public speaking course.

It is a well-known fact that B. C. Silver holds the Nova Scotia championship in debating. I am sure with such dedicated students and helpful advisers our school will be able to maintain this honor and perhaps go on to bigger and better things.

Glee Club

This year the Glee Club was under the excellent leadership of Mr. Simister. Our year's activities began with the preparation for the C.B.C. television program "High Society".

The Glee Club helped to make this show a success by singing two songs "This Land is Your Land" and "Amanda Blaine".

The Glee Club again showed its skill on the last day of school in the first term. On this memorable day the Glee Club led the students in a sing song of well known Christmas Carols and Songs.

The Glee Club is now practising and preparing for the Variety Concert to be held at B. C. Silver in early February. Also on our agenda is the County Festival which will be later in the year.

Our thanks go to Mr. Simister and also to Mrs. Morgan for making this a happy and profitable "singing" year.

SOCCER

This soccer season was the most successful in the four year history of our school. We ended the season in second place in the Metro Soccer League. This success was due to the excellent coaching of Mr. Basini who imparted to us his skill and knowledge. Secondly, there was a newly acquired spirit; a spirit to win, which had been lacking in previous years.

Our team was formed quickly and there were some doubts to whether we would be able to prove ourselves. These doubts were removed, however, as the season progressed.

The whole team improved with each game played, and it is difficult to pick outstanding players. Yet, in defence Terry Smith at center half was very reliable, and Fred Follis, Captain of our team, always played a hard game. On the attack we had Laurie Cleveland, who was responsible for setting up most of the goals and was also one of the top goal scorers along with Larry Logan.

HOCKEY

As the puck dropped to the ice to open the High School hockey season, it was the same plot but a different setting. The same schools were represented as in past years, but the majority of the games were played in the Halifax Forum this year.

The team started the year off on the wrong foot and it might have seemed to many that they would never get onto the right track. We lost four consecutive games before we finally managed to eke out a win over Prince Andrews 5-4. At last it seemed we were on our way, only to suffer another loss in the next game to Q.E.H. 4 - 2. Then to reasons that could be contributed to Mr. Currie, who spoke to us after our defeat at the hands of Q.E.H. and to Mr. Frank Smith, our coach, who prodded us on, the team suddenly came to life winning three of our last five games. We defeated Dartmouth 5 - 2; Sidney Stephen 7 - 2 and Prince Andrew 2 - 1. The two losses being to the top clubs in the loop; St. Pats 3 - 0 and Q.E.H. 6 - 3. Now as we await the playoffs the coach and team are very optimistic.

Particular credit should go to Wayne Power, our goalie, for his outstanding play this season. Wayne is one of the chief reasons for our success. The surprise of the season is Norman Mitchell who, rarely seeing action last year, came on strong to lead the team in scoring points.

The most important thing about our hockey team this year was the fact that they played as a team, and when we lost they took it in high spirits.

BASKETBALL

The Basketball team was again entered in the Boys' Metro "A" Basketball League along with the other high schools from the cities and country. The squad, small in size but with promising ability, started the season with an aura of optimism. This season proved to be the best in our school's history, as we were not dominated by the older and more experienced clubs. We achieved more victories than any other season and there was no dishonor in our defeats.

I would like to mention the Cleveland Brothers, Wally and Laurie; who provided the scoring punch; as well as Morris Trager who was the backbone of our defence. The basketball team as a whole should be congratulated for its outstanding effort in attaining victory and softening the blow of defeat. Some of the teams we defeated were: Sidney Stephen, Graham Creighton (twice), and we won two games over our arch rivals Halifax West.

The basketball team would like to pay a special tribute to Mr. Don Burke who was the mainstay behind our success. While putting the team through its paces at practices, he taught us that our shortness of height could be overcome by a combination of ability, common sense, sportmanship and the will to win, therefore in our new confidence we did our best. To Mr. Burke a sincere "Thank You" and well done.

BASKETBALL

After a very select choosing from a large group of enthusiastic girls the basketball team was finally formed. The first game played against Sacred Heart Convent received a large number of spectators and the girls executed a fine game, but due to a lack of practices and the overwhelming teamship of the Convent team, they were defeated 37-17. Their next challenge was the Halifax West squad, whom they downed 26-17. It was a fast game with plenty of good shots and passes. The crowd that gathered to watch cheered them on and gave the team initiative. They played St. Peter's next. It was a tight game and conflict emerged among the two teams. The struggle caused high excitement among the spectators of both schools and we were disappointed at the loss 24-20, but not with the team.
